BENGRAC INTERIERY

Unless stated otherwise, the prices include complete turnkey delivery, including transportation to the construction site, handling, installation, anchoring and fixing materials, minor installation materials, protective elements, site cleaning and environmentally compliant disposal of waste generated during execution.	
Not included: stainless steel bar installations (by kitchen planner), appliances incl. wine cooler, pendant and decorative lights, chairs and bar stools, Orac wall panelling, column finishes, electrical supply and final connection (by client's electrician – LED components supplied up to the junction box), screed and its heating protocol.	
Assumptions: drawings are a preliminary issue – final quantities and prices will be confirmed after approved drawings and on-site survey. Oak elements can be made in natural oak veneer; solid oak recommended for the bar top and table edges. Production approx. 8–10 weeks after order and approval of shop drawings, installation approx. 2 weeks. Payment: 50 % advance, 40 % after aproval shop drawings, 10 % after handover. Validity: 10 days.
